

C. L. U. WILL ENTER PROTEST IN BEHALF OF GIRL EMPLOYEES

Allege Workers in Auditor's Department at Postoffice Are Unjustly Treated.

Protests against the alleged unjust employment in the auditor's office at the postoffice here of girls who, it is charged, are compelled to work overtime and to sign slips stating that they work only regular hours, will be made by the Central Labor Union following the discussion of the matter at a meeting last night. The reading of letters from clergymen of the city, particularly the Rev. Thomas Hubert Jones, assistant rector of the Church of the Epiphany, calling attention to the alleged unjust treatment of the girls, and asking for an investigation, called forth statements from members of the Central Labor Union, and the discussion showed that protests had been made to a number of members who had been quietly investigating since the first of the year.

Thomas McGilton presented a letter from an employee at the office stating that one of the girls there had lost the use of her arms through being compelled to "rush" work on the canceling machines used in the office. It was alleged that the work being done by the place, a certain number of cancellations was required to constitute a day's work. Failing to comply with this, the girls were compelled to work over time and to sign slips stating that they "quit" at 4 o'clock. Many of the girls, it was declared, worked until 6 o'clock. It was declared that deductions for mistakes were made from the girls' salaries, the deductions amounting in cases to as much as ten times the amount given for cancellation. Speeches were made by Thomas McGilton, John B. Colpoys, and P. J. Ryan. The matter was referred to the organization committee, of which Fred Fox is chairman, for investigation.

Many Pass Up Rolls Of Twenties in Street

BOSTON, Jan. 28.—Rolls of \$20 bills, each containing \$50, were kicked about the street in the heart of the Malden business district because the hundreds who passed them thought it was "stage money" put out by Owen H. Doonan, a majority candidate.

The money was lost by George Martin, paymaster for a Britt & Hayward Company of Springfield, construction firm workers. The money later was picked up by four different persons.

Civil Engineers Meet.

MONTREAL, Jan. 28.—More than 500 members of the Canadian Society of Civil Engineers were present today at the opening of the society's twenty-seventh annual convention. At the initial session Phelps Johnson was formally installed as president in succession to W. F. Tyne.

ALEXANDRIA CLUB TO DINE GRIFFITH

Cardinal Athletic Body Will Be Host at Banquet Tomorrow Night in Honor of Manager of Washington Ball Team. Hoped to Arouse Interest in Game.

WASHINGTON TIMES BUREAU.

ALEXANDRIA, VA., JAN. 28. Alexandria is preparing a royal welcome tomorrow night for Clark Griffith, manager of the Washington baseball team, who will be entertained at a banquet by the Cardinal Athletic Club at the Hotel Hammer. More than 100 guests of the club will be present. The Cardinal Athletic Club is one of the strongest amateur athletic clubs in this section, and is represented by baseball, football and basketball teams. Many of its games are played with the strong school and amateur clubs of the Alexandria and the Cardinals' colors are rarely lowered. Next season it is the intention of the management to have two strong baseball teams in the field, and the banquet to Mr. Griffith is largely for the purpose of arousing the interest of Alexandria fans in the amateur club of the city.

Manager Griffith is a great favorite in Alexandria and the banquet will be attended by many citizens. Mayor Thomas A. Fisher, who is an enthusiastic "fan," will preside as toastmaster.

At a meeting of the Alexandria Light Infantry held last night, Gratton C. Trenary, third sergeant, was elected second lieutenant to fill a vacancy. A number of promotions among the members of the company were made. Steps were taken to recruit the company up to its full strength so as to be in readiness for the annual inspection by the State officers, which will be held February 18. In case the Virginia authorities decide there is no money available for sending the State troops to take part in the inaugural parade, it is probable that the Light Infantry, with other companies in the First Regiment, will arrange to pay their own expenses and take part in the parade.

The regular semi-monthly meeting of the city council of Alexandria will be held tonight, and it is expected that an attempt by the dominant faction in the lower board to elect a councilman from the First ward to succeed C. R. Yates, who has resigned, will be followed by a walkout by six members of council, who took similar action at the last regular meeting.

Seminole Tribe, No. 35, Improved Order of Red Men, will hold a meeting tonight in their wigwam in the Alexandria National Bank building.

A banquet will follow the initiation of candidates at a meeting of Samarian Rebecca Lodge, No. 27, to be held tonight at their hall on North Columbus street.

The degrees of Scottish Rite Masonry, from the fourth to the fourteenth, will be conferred Friday night by Washington Memorial Lodge of Perfection, which will hold its meeting in Masonic Temple at 7:30.

As a sequel to the fight between William Oehlert and Anthony E. Smoot in front of the Relief Hook and Ladder company Friday night, during which

two pistol shots were exchanged, both men appeared before Justice Caton in police court this morning. The only witness was John Murak, a soldier-justice Caton fined Oehlert \$10 for assault and Smoot \$20 for carrying concealed weapons.

The repaving of twenty-one blocks with modern smooth paving of either asphalt blocks, vitrified brick or tar macadam, and six blocks with cobble stone, at a cost of over \$20,000, will be recommended by the street committee of the city council, according to a decision reached at a meeting last night. It was decided to recommend the immediate paving of the following twenty-one blocks with either asphalt, brick or macadam: Fairfax street, Duke to Wilkes; Alfred street, Wilkes to Franklin; Royal street, Prince to Wilkes; Cameron street, Royal to St. Asaph; Cameron street, Washington to Columbus; Pitt street, King to Cameron; St. Asaph street, King to Queen; St. Asaph street, King to Duke; Columbus street, King to Prince; Washington street, Duke to Franklin; Payne street, Cameron to Queen. The following streets are the ones to be repaved with cobble stones taken from the central portion of the city, if the recommendations are carried out: Princess street, Lee to Washington, and Pitt street, Queen to Princess.

The question of paving Prince and Queen streets to relieve some of the congestion on King street was also discussed.

Nevel S. Greenaway, clerk of courts, left today for Baltimore to attend the convention and banquet of the general agents of the United States Fidelity and Casualty Company.

Receiver Is Named For Stone Company

Attorney James B. Archer today was appointed by Justice Barnard, presiding in Bankruptcy Court, as receiver of the Butt-Chapple Stone Company, following the filing of a petition in involuntary bankruptcy by three creditors.

The creditors, J. P. V. Ritter & Son, Fred C. Butt & Co., and H. A. Heilmuller, set forth in their petition that the company is insolvent. The allegations were admitted by the president of the firm. Attorneys Archer & Smith appeared for the creditors.

Freezing Weather Is Promised for Tonight

Freezing weather tonight, with rain or snow tonight or tomorrow, is the prediction of the Weather Bureau for the District of Columbia. Cloudy weather will continue tonight, and falling weather will follow it before the sun gets another chance to warm things up.

The question as to whether it will rain or snow tonight and tomorrow need not bother anybody in Washington, because, unless it is a blizzard, it will be slush anyway. Therefore, rubbers may be in requisition tomorrow.

CHARGE HOTEL MAN WITH SELLING DRINK TO GIRLS UNDERAGE

Warrant Asked for H. H. Jarboe, Proprietor of Genesee Hotel, by Sergeant Catts.

On information filed by the police, who aver they found four minor girls drinking in his place of business, the Genesee Hotel, Tenth and E streets northwest, Horace H. Jarboe, proprietor of the hotel, has been ordered to appear in the Police Court today to answer charges of violating the District excise law.

John Hansbury, a waiter employed at the hotel, has also been summoned to appear in court on a charge that he "dispensed" liquor to the girls. Jarboe is specifically charged with

"selling" to minors. A precedent is established in the case by the charging of the waiter separately from his employer. Heretofore it has been the practice to arraign only the proprietor of hotels and saloons where young girls have been found being served intoxicants. In this way many licensees who would have been convicted have escaped punishment by technical constructions of the law.

Through their attorneys both the hotel keeper and the waiter demanded a jury trial. They were each released on \$500 bond pending the hearing of the case. No date has been set for trial.

A telephone message received by Captain Byrn, of the Sixth precinct, shortly after 9 o'clock last night informed the police officials that four girls were seen going into a saloon on Louisiana avenue near the Police Court. The girls were traced to this saloon by Detective Evans, of the Sixth precinct, who watched the place and learned that the proprietor had refused to sell them liquor because of their youthful appearance.

Evans followed the girls to the Genesee. Here Detective Howes and

Sergeant Catts met Evans, and together the three men watched the movements of the girls. Seating themselves at a table the girls summoned a waiter and ordered beer, the police say. The order was quickly filled, each of the girls being served with a bottle. Just as the girls were drinking the beer the police entered and took them to the First precinct.

Much improvement was noted today in the condition of Mrs. Martha Tyler, sixty-one years old, who swallowed a quantity of carbolic acid yesterday afternoon at her home, 316 Ninth street southeast, and physicians at Casanary Hospital believe she will recover.

According to the police, Mrs. Tyler told a niece, Miss Sarah A. Tyler, that she was despondent over continued illness and wanted to die. The aged woman had recently recovered from an attack of typhoid fever.

CHASE'S Schubert Pianos and Player Pianos A New Proposition

Our factory saw in selling more pianos they could build them at reduced expense. To sell more they must be sold at a reduced price, and by selling MANY MORE the aggregate profit is larger.

For years our pianos have been sold to agents wholesale at a price nearly the same as the price to the public now. We do this because we have done away with all agents and are opening our own stores all over the world. Think what a saving this means to you.

See us direct, we will prove our quality, and the many advantages in dealing here.

WE REPAIR PLAYER-PIANOS FOR \$25 PER QUARTER. MUSIC FREE.

Joseph Hall Chase Piano Co.
1307 G Street N. W.

The Carbon-Copy Test that Proves the Superiority of the work produced by the Monarch.

Try this experiment: Take several sheets of writing paper with carbons between; place them on a flat surface and drop a lead pencil, point down, from a height of 18 or 20 inches. Note the clearness of the dot, even on the bottom sheet. Now make a dot by pressing the pencil into the paper, and then examine your carbon copies. The top one will show clear enough but the others will be faint and blurred.

Monarch Light Touch

This simple demonstration illustrates the light touch principle of the Monarch Typewriter. The action of the Creeping Fulcrum of the Monarch type bar is such that it throws the type face against the paper with a quick tap—not a slow push. This means clear impressions on the maximum number of carbon copies.

Monarch "Light Touch" is more than a mere talking point. It is
